##### 5.1.1.1 Representation

The concerned party may have itself represented at the Court of Justice by an authorised person, e.g., lawyer. As such, for all hearings, the parties may be represented or assisted by attorneys, or other persons of their choice.

The costs for the representative(s) must be paid by the concerned party, regardless of the outcome of the hearing. The IPF accepts no liability for the cost of legal or any other representation for any parties.

The names, addresses, electronic mail addresses, telephone numbers of the persons representing the parties shall be communicated to the Chair of the Court of Justice. Where an attorney is representing a concerned party wishes to be directly copied on correspondence, the lawyer shall file a signed Power of Attorney Document with the Chair of the Court of Justice.

All written statements (witnesses, claimants, respondents etc.) shall be signed and dated, and ideally be filed as an affidavit.

##### 5.1.1.2 Hearing Procedure

A fee of Euro 1000 must be paid for each complaint brought before the Court of Justice. The fee shall be refunded if the complaint is upheld, or the case decided in favour of the party bringing the case to the Court. Nothing will be done with the complaint, or no case be accepted until the Treasurer confirms receipt of payment in full.

If the complainant owes monies for any outstanding debts to the IPF, the case will automatically be rejected until such time as the debts are paid in full. The same principle applies to all other cases being brought forward before the Court at the discretion of the Chair of the Court of Justice.

Complaints must detail the applicable paragraph of the Constitution and/or By-Laws that has been

violated. All complaints submitted must include independently substantiated evidence that a violation has occurred, or they will be rejected.

All sanctions imposed shall be in accordance with the Constitution, By-Laws and rules.

## **5.3 Format of Proceedings**

Cases brought before the IPF Court of Justice shall be conducted primarily by way of documentary hearings unless a hearing in person or by video conference has been granted.

In case of a disagreement by the parties on the format of the proceedings the Court of Justice Chair shall make a final determination considering the urgency, the potential costs to the parties, and the particulars of the dispute.

The Court of Justice shall send their decision to the concerned parties, with a copy to the IPF Secretary General.

## **5.5 Procedure for Court of Justice Documentary Hearings**

The proceedings before the Court of Justice comprise written submissions and a documentary hearing. Upon receipt of the file and if necessary, the Court of Justice Chair shall issue directions in connection with the written submissions.

As a rule, there shall be submissions filed by the persons against whom charges have been brought. Ideally these will be in the form of a formal brief with exhibits. However, any email correspondence exchanged, and all statements and/or documents filed shall be accepted as part of the case file. Should the claimant elect to file additional materials, the persons accused shall also receive an electronic copy of said submissions.

Any witness or expert statements filed as exhibits by any of the parties involved should at the minimum be signed and dated, and ideally be filed as an affidavit.

After the exchange of the written submissions, the parties shall not be authorized to produce further written evidence, unless the Court of Justice so permits because of exceptional circumstances. The written submissions shall be compiled and organized as needed by the Court

of Justice Chair or his designated representative as case reporter and submitted to the Court of Justice Hearing Panel for its deliberations.

In the course of its deliberations, should the Court of Justice determine that it requires additional information or clarifications from either of the parties concerned, other persons, or IPF on the submissions received, it shall be allowed to seek this out at any time prior to or in the course of the hearing via the Chair of the Court of Justice.

Once having decided on the matter by majority vote, the Court of Justice will then issue a written and reasoned decision that will be communicated to the Secretary General and each party.

The Court of Justice judgement can be appealed in accordance with the IPF Legal Code i.e., Constitution, By-Laws, and rules as stated in the Court of Justice decision.

## **5.6 Composition and Duties of the Court of Justice**

An accreditation badge shall not be issued to a nominated athlete, coach, official or referee that is not staying in the hotel. Additionally, the issued credential shall match the number of days they will be officially participating in the event. If an athlete, coach, referee or official does not stay in the hotel, they shall not receive accreditation and shall be excluded from the event.

~~All athletes, coaches, referees, or officials from each National Member Federation must stay in the official hotel for all days in attendance at the Event. If athletes, coaches, referees, or officials do not stay in the official hotel during the Event, they will be obliged to pay an administration fee of € 100 per person to the organizer. Failure to comply will have the effect that they will not receive accreditation and will be excluded from that Event. All room reservations must be done through the meet director of the Event, unless otherwise specified on the Invitation to the Event.~~

## 14.5 Nomination of Athletes and Coaches

Nomination of athletes and officials to International Events shall be received by the Championship

Secretary with a copy to the Meet Director within the following time limits:

- Preliminary nomination not later than 60 days prior to an International Event.
- Final nomination, submitted not later than 21 days prior to an International Event, must be made from those nominated in the preliminary nomination.

If challenged, the National Federation may be required to provide evidence of an athlete's total during the previous 12 months.

14.5.1 A precondition for acceptance of a Preliminary nomination is that the nominating National Member Federation has successfully entered without exception the following information into the Goodlift System:

- A duly completed ADEL (WADA Anti-Doping E-Learning) certificate in the name of each nominated athlete and head-, and assistant coach.
- A duly executed and signed Consent Form for each nominated athlete.

14.5.2 Should any athlete or official have a pending charge against them under the IPF Anti-Doping Rules, irrespective of whether they are currently provisionally suspended, as the rights of all other nominated athletes and officials, the IPF and their National Member Federation outweigh their own, the Championship Secretary shall not accept their Nomination.

If a period of ineligibility or suspension will have been fully served with all applicable reinstatement conditions and requirements respected and fulfilled by the date the Event begins, the Championship Secretary shall accept nomination for any athlete or official who is currently serving a period of ineligibility under the IPF Anti-Doping Rules or a suspension under any other IPF regulations on the day of the Preliminary nomination deadline. Should any reinstatement conditions be breached prior to the start of the Event, any applicable consequences under the Anti-Doping Rules would apply.

14.5.3 A National Member Federation taking part in an International Event shall pay the IPF the anti-doping fee and the participation fee for each athlete nominated and entered on the final entry form.

No fees are to be paid for nominated reserve athletes if not replacing one of the primary nominated athletes.

14.5.4 If a hotel reservation fee is specified in the invitation for the event, the same rule and time limits as above apply for all nominated athletes, coaches, officials, and referees.

14.5.5 At no time are children allowed to enter the warm-up area (for health and safety). Also, no parents or grandparents are allowed to enter the warm-up area principally when sub juniors are competing. Also, there are to be no music boxes allowed in the warm-up or platform areas. Sufficient rubbish bins shall be placed in the warm-up area. It is the responsibility of the athletes and coaches to ensure the warm-up and wrapping area is kept clean and clear of debris.

14.5.6 The organizer is responsible for providing security to prevent unauthorized personnel from entering the warm-up area. When required and decided by the Jury, additional technical controllers may be placed in the warm-up area. The number of technical controllers will be determined by the number of lifters and coaches present in the warm-up area.

Coaches' accreditation badges should be marked according to gender, bodyweight category, and include a photo identification. One coach per athlete is not sufficient, particularly during sessions when it is necessary to spot super heavyweight lifters. Also, there may be certain sessions with lifters lifting heavy weights that may require additional spotters, even in classic competitions. The primary purpose of having the additional spotters is to prevent injuries and to ensure the safety of the athletes.

Although the use of communication devices by athletes or coaches in the wrapping or warm-up areas is currently not permitted.

### **Eligible Coaches:**

Each national federation has the autonomy to establish their own rules and procedures when selecting their national team coaches and lifters. Coaches and lifters shall be nominated by the federation where they're a member and in good standing.

### **Pictures and Filming:**

The warm-up area, for some lifters, it's necessary to view their lifts in a video to fully understand the minor corrections needed in their movements. In the event of an inappropriate situation arising, such as a lifter being filmed while in underwear or exposed, coaches should take immediate action and reported to the Jury. If necessary, the coach will be ejected from the warm-up area, and the camera should be confiscated by security personnel.

14.5.7 For Open championships classic & equipped, each nation can nominate a maximum of 12 coaches.

For Youth and junior combined powerlifting championship, both classic & equipped, each nation can nominate a maximum of **12** coaches.

For Master's combined powerlifting championships classic & equipped a maximum of **16** coaches

For combined bench press championships classic & equipped (all age groups), each nation can nominate a maximum of **20** coaches.

1 Athlete = 3 Coaches

2 Athletes in the same group = 3 Coaches

2 Athletes in two different groups (e.g.: A&B group) = 5 Coaches

## **14.6 Organizers may not negotiate Television Contracts without Permission of the IPF Executive Committee**

An organizer may not negotiate a TV contract for an International Event without the approval of the Executive Committee. Failure to comply with this regulation may result in suspension of the National Member Federation until the next General Assembly.

## **14.7 Sub-Regional Events**

The Regional Executive Committee may sanction sub-regional Events on an international level. Sub-regional means a competition between two or more nations, but not open to all the nations in that region.

## **14.8 Events**

Any organizer of an International Event must not attempt to advertise or invite athletes and officials to the Event without first obtaining a written sanction from the IPF Secretary General. Only written contracts or sanctions will be valid.

Only National Member Federations affiliated to the IPF may apply for sanctions. In special cases the Executive Committee can make an exception to this rule.

## **14.9 Eligibility to Represent an IPF National Member Federation**

All athletes taking part in International Events representing a National Member Federation must be either a resident or passport holder of the country of the National Member Federation entering or sanctioning the participation of those athletes.

An athlete who is a resident or passport holder of two or more countries at the same time may represent either one of them, as he or she may elect. However, after having represented one country in an International Event, he or she may not represent another country unless he or she meets the conditions set forth in paragraph below.

An athlete who has represented one National Member Federation in an International Event and decides to change either their residency or passport to another National Member Federation country may participate in International Events as a representative of his or her new National Member Federation country provided that at least six months have passed since the athlete last represented their former National Member Federation country. The six months period may only be reduced with the agreement of both National Member Federations and with the final approval of the Executive Committee or in exceptional cases as defined by the Executive Committee with unilateral Executive Committee approval. A National Member Federation may only decline that an athlete moves from one National Member Federation to another National Member Federation country for justified reasons, to the satisfaction and sole discretion of the Executive Committee.

If an athlete moves from one National Member Federation country to another and does not have the passport for their new National Member Federation's country, the residency of the athlete must be verified (e.g., school documents, employment contract, etc.) to the satisfaction and sole discretion of the Executive Committee. The athlete must have resided in the country for at least six months before being able to start representing the new National Member Federation.

All cases related to the determination of the National Member Federation which an athlete may represent in an international event, shall be resolved by the Executive Committee [at its sole discretion](#). In resolving such matters, the Executive Committee may make all decisions of a general or individual nature to ensure that the athlete is treated fairly. The Executive Committee will consider national legislation when taking decisions. The athlete may not change federations if he/she has been charged with an Anti-Doping Rule Violation or if the athlete is subject to disciplinary action.

#### **14.10 Eligibility to represent a Member as an Official**

The term "official" wherever it may appear in these By-Laws, the Constitution, and applicable rules shall be deemed to include all persons described as such in the Technical Rules or appointed by the organizing committee of an Event, to act in any official capacity during the whole or any part of that Event.

All individual officials taking part in International Events must be members of the National Member Federation entering or sanctioning the participation of those Officials.

An official, who is a member of the National Member Federation but is not a national of that country, may still take part as an official for the nation, provided he/she is not already nominated by another National Member Federation.

An individual cannot be nominated by multiple nations as an official. However, an official nominated for one nation already taking part in an International Event may also assist other nations provided there is the agreement between both National Member Federations and the assistance is within the IPF Rules.

The Executive Committee shall resolve all cases and all matters relating to the determination of the country of which an official may be nominated in an International Event.

In resolving such matters, the Executive Committee may make all decisions of a general or individual nature regarding issues of eligibility.

#### **14.11 Disabled Athletes competing in Able Bodied Divisions, Procedures for Weigh-In**

Bench Press Championships shall be organized without a special division for disabled athletes. Disabled athletes can compete within the non-disabled classes if they fulfil the IPF rules as for non-disabled athletes pertaining to the actual lift. The blind, sight impaired, and mobility impaired, may be assisted to and from the bench with the aid of the coach, handler, or/and with the aid of crutches, wheelchair, or sticks.

For athletes who have an amputated lower limb, a prosthetic device shall be considered the same as the natural limb. The athlete shall be weighed in without the device, with compensatory weight added according to the established fractional charts. For athletes with dysfunctional lower limbs that require leg braces or similar devices for walking, the device shall be considered as part of the natural limb and the athlete shall be weighed in wearing the device.

#### **14.12 Multisport Events / World Games**

Any National Member Federation which incurs one or more positive test results at any World or Regional Open or Junior championship in the calendar year prior to the year of a World Games powerlifting Event, will have the number of selected athletes from that nation reduced by the same number as the number of the positive tests. This shall apply in such a way that female athlete positives will reduce the number of female athletes and male athlete positives will reduce the number of male athletes. National Member Federations with athletes that have committed an Anti-Doping Rule Violation at the World Games shall be suspended from all International Events for one year.

#### **14.13 Failure to use IPF Approved Equipment**

If the organizer of an Event listed on the Calendar of Events does not use the IPF recognized bars and/or plates at the competition platform, the organizer will be fined a sum of Euro 1.500, and any World Record broken by the athletes at the Event will not be certified.

#### **14.14 Facilities and Equipment differing from those specified in the Technical Checklist**

If the equipment and/or other facilities have not been as specified on the Technical Checklist, the organizer will be fined a sum of Euro 1.500, and the IPF will not grant any International Events to this nation for a period of two years after the Event where the deviation from the Technical Checklist specifications are considered being seriously against the IPF rules.

#### **14.15 Including a Referee in National Teams, Fine, Restrictions**

Any National Member Federation, being a member of the IPF for more than 5 years and participating with more than 4 athletes in the IPF Events, should include international referee(s) among its team officials available for refereeing or being a member of the Jury at least for two days. The host federation can nominate six referees. A federation participating with more than 4 athletes, as stated in the preliminary nomination, is obliged to nominate at least one referee and a National Member Federation with more than 14 athletes, as stated in the preliminary nomination, is obliged to nominate at least two referees.

No nominated referees may be currently serving periods of ineligibility as a result of an Anti-Doping Rule Violation. It is the nominating National Member Federation's obligation to ensure that none of the referees it nominates are currently subject to disciplinary action of any kind under any IPF rule. Each referee assigned to an International Event is required to know and understand the IPF Anti-Doping Rules.

In combined Events (men and women) the 4 athletes and the 14 athletes include the total number of athletes from one National Member Federation. If a referee(s) from that National Member Federation is not present, or if present, but is not available to act in the capacity of either a referee or a member for Jury for at least two days during the Event, the athletes are allowed to take part, but a fine of Euro 500 has to be paid by the National Member Federation for each missing referee. The Treasurer must receive such payment before the athletes from that National Member Federation can take part in any further IPF International Events.

Each National Member Federation must specify on the nomination form the weight categories in which their referees are available for refereeing. After the final nomination date, the Technical Commission Chair issues a Referee duty list for the whole Event. Any changes of a Referee's duty may be reported to the Technical Commission's Chair until 14 days prior to the Event. After that date, the referees cannot expect to officiate in other duties than specified on the Referee duty list.

For combined championships, the Member Federations must send a referee for each competition (Sub-Junior/Junior, master's and Open) or have one referee for the entire time a minimum of two sessions.

Referee duties, specified by the Technical Commission Chair, are mandatory 14 days prior to the Technical Meeting. However, National Member Federations may allocate duties between their own referees at the latest at the Technical Meeting upon agreement with the appointed Technical Commission member. Any changes, withdrawals or no show up by a referee regarding the allocated duty after the Technical Meeting, may lead to a warning or € 100 in fine depending on the reason as decided by the Jury in cooperation with the appointed Technical Commission member.

#### **14.16 Competition Fixing Guidelines**

The IPF has Competition Fixing Guidelines in the Code of Ethics. These apply with the same force as any other By-Law or regulation of the IPF.

## **15 DISCIPLINARY ACTIONS AND PENALTIES**

National Member Federations, which neglect to request the required IPF permit for an International Event and do not pay the required fee, shall be fined an additional Euro 1000. The Treasurer shall send a warning letter to them. If the fee (Euro 250) and fine are not paid within thirty (30) days of sending out the warning, the National Member Federation shall be suspended until such time as the total amount has been paid. Sanction fees for International Events must be paid at the time of application for the Event.

### **15.2 Defaulting on Agreements to Compete**

### **15.6 Procedure for Filing Complaints against Individuals**

Any athlete or official who considers that he has been wronged during an International Event has the right to file a written complaint accompanied by Euro 75 with the Jury stating his reasons for complaining. A copy of the complaint and the decision of the Jury must be in writing and must be sent to the Court of Justice via the Secretary General. The determination of the applicability or otherwise of penalty under this rule shall be made by the Court of Justice. Prior to such determination by the Court, the Executive Committee may provisionally suspend the athlete or official, such suspension to commence from the date of the alleged violation.

An athlete or official shall not participate in any Events if there is any Athlete or official participating in any division, section or bodyweight class of that Event who has been expelled or suspended from his or her International or National Member Federation or who is serving the period of Ineligibility for a doping related offence.
